- ★ **EASY TO USE**
Pro-Seal 6006 is self leveling and can be poured into the loop slot. No expensive pump systems or special caulking guns are required. Eliminate equipment and equipment maintenance!
- ★ **FAST**
A typical 6' x 60' quadrapole loop can be sealed in a matter of minutes! No pump system to clean or repair at the end of the day. Save both time and money with Pro-Seal 6006.
- ★ **RAPID CURE**
Cures in only 10-15 minutes! Open up the lane to traffic and move on to the next loop without pick-up or tracking.
- ★ **OUTSTANDING PROTECTION**
Pro-Seal 6006 encapsulates, insulates and protects. Loop wires are held in position and completely protected from movement, road debris and moisture. Pro-Seal 6006 does not shrink, which eliminates refilling call-backs.

"PROPERLY INSTALLED LOOPS ARE THE MOST RELIABLE MEANS OF VEHICLE DETECTION."

Manufactured in the USA by RAI Products.
